RE: War crimes, crimes against humanity, and genocide investigation of Sri Lankan officials

Dear Chief Prosecutor:

Under Article 15 of the Rome Statute, on behalf of Tamils Against Genocide (www.tamilsagainstgenocide.org), a non-profit organization of the Tamil diaspora in the United States, I am writing to urge you to open investigations under the Rome Statute of Sri Lankan President Mahinda Rajapaksa, Sri Lankan Defense Secretary Gotabaya Rajapaksa, Sri Lankan presidential adviser and Member of Parliament, Basil Rajapaksa, and Sri Lankan Army Commander Sarath Fonseka. The quartet should be investigated for war crimes, crimes against humanity, and genocide of Sri Lankan civilian Tamils unconnected with the conflict between the government and the LTTE. See Articles 5-8 of the Rome Statute. The Government of Sri Lanka is unwilling to investigate itself. See Article 17.

I have supplied evidence of the crimes in three attached Exhibits. I would be eager to supply additional at your request or to otherwise assist in your investigation or analysis that you might find helpful. I am willing to meet and confer at any time or place of your choosing.

Sincerely,

Bruce Fein
Counsel
