# SRI LANKA PRESIDENTIAL ELECTION 2019

**Sufficiently Cheated by  
Sinhalese !  
We need to seek our own  
destiny !!**

## **M.K. SHIVAJILINGAM**

**IN THIS ELECTION  
YOUR VOTE IS TO A TAMIL !  
COMMON TAMIL CANDIDATE**

## INTENTION

Once again, the Tamil people are facing the presidential election of Sri Lanka that is scheduled for November 16, 2019. The history has proven repeatedly that voting for the Sinhalese political parties has never helped the Tamil people, and the Tamil people have been deceived every time with broken promises and missed opportunities. Giving promises to the Tamil people with the intent of deceiving them have been the pattern of the Sinhalese leaders.

At this juncture, only with the active involvement and participation of the International Community, can the Tamil people obtain the political solution and justice. Voting for a Tamil candidate who correctly represents the aspirations of the Tamil people will benefit them by sending the Tamils' message to the International community as well as to the Sinhalese people.

With that in mind, and in the absence of any Tamil common candidate, I, **M.K.Shivajilingam** have come forward to contest in this election to send the Tamils' message to the world. My intention to contest in this presidential election is not to become the president of Sri Lanka, or not for my personal gain, but to act as a mechanism of the Tamil people to inform the world about the plight and aspirations of the Tamil people with the hope of getting help from the International Community.

Let's make use of this election to benefit our Tamil people, rather than benefitting the Sinhalese politicians to oppress the Tamils even more. Following Proclamation is being put forward for endorsement by the Tamil people in this election

## PROCLAMATION

**Bearing** in mind that:

- **the Tamil people living in the island of Sri Lanka are a Nation**
- **the region comprising the present day Northern and Eastern Provinces, is the homeland of the Tamil people**
- **the Tamil people are entitled to self-determination as per the UN Charter;**

**Recognizing** that there were separate Tamil and Sinhala sovereign kingdoms in the island until the invasion by Portuguese, Dutch and the British starting from the 16th century, and only in 1833, the whole island was united for the administrative convenience during the British rule;

**Recalling** that the Tamil people have been struggling for their political rights ever since Sri Lanka got its "independence" from the Great Britain in 1948, first by non-violence means, then by armed struggle and now by non-violence means again;

**Noting** that the international bilateral agreement between the countries of India and Sri Lanka via the Indo-Lanka Accord of 1987 stated: "recognising that the Northern and the Eastern Provinces have been areas of historical habitation of Sri Lankan Tamil speaking peoples";

**Knowing** that the Sri Lankan armed forces and some leaders committed war-crimes, crimes against humanity, and Genocide against the Tamil people;

**Emphasizing** that according to the November 2012 Report of the UN Secretary-General's Internal Review Panel on UN Action in Sri Lanka, over 70,000 people were unaccounted for during the final phase of the war in 2009;

**Recalling** that the Government of Sri Lanka was a cosponsor to the Resolution 30/1 titled “Promoting reconciliation, accountability and Human rights in Sri Lanka” at the UNHRC session in Geneva in September 2015 inter-alia proposing the establishment of a judicial mechanism inclusive of foreign judges to investigate the violations of international humanitarian law against the Tamil people;

**Noting** that the International Truth and Justice Project published details of Sri Lankan military run “Rape Camps” where Tamil women were held as sex slaves;

**Knowing** that the Government of Sri Lanka and its leaders have consistently gone back in their promises and commitments to the Tamil people and to the International community including the UN, and have offered neither the political solution nor justice for the Tamils; and

**Recognizing** that the Tamil people are determined to regain their political rights, and justice for all crimes against them with assistance from the International Community;

**Wherefore**, on behalf of the Tamil people, the following demands are hereby put forward by way of this Presidential election of 2019 for the world to know:

1.
